

*But the fruit of the Spirit is love, joy, peace, forbearance, kindness, goodness, faithfulness, gentleness and self-control. Against such things there is no law.
Galatians 5:22-23*

Nimbus Christian Education desires a learning environment in which God's love is shown to all. With that in mind all students and staff will strive to adhere to the following:

The Learning Environment

- Students and staff will treat all other students and staff with respect. Jesus guiding principle of "Treat others the way you wish to be treated." is expected to be followed.
- The dignity of others will be honoured in word and in deed.
- All communication will be polite, respectful and free of profanity or rudeness.
- In the event that there is any form of harassment or abuse made the principal will be contacted immediately.

Acceptable Use of Technology Tools

- All school provided software, accounts, and logins are to be used in ways that honour God and respect our fellow human beings.
- The school reserves the right to monitor all activity that takes place on any school provided platforms and tools.
- In the event that there are serious and ongoing concerns with inappropriate use of technology, enrollment at Nimbus Christian Education may be in jeopardy.

Academic Honesty

- Plagiarism is defined, by Google definitions, as: "the practice of taking someone else's work or ideas and passing them off as one's own." This practice, whether intentional or accidental, is not acceptable.
- Self-plagiarism is not acceptable. This means that a student may not submit the same assignment or work to multiple classes.
- Cheating or attempting to gain an unfair advantage in any way is not acceptable.
- In the event that a student is academically dishonest their enrollment at Nimbus Christian Education may be in jeopardy.
